Reporting Period: Calendar Years 2023, 2024 and 2025

September 28, 2026

1. Introduction and Purpose

D'Mart Institute prepares this Annual Security Report (ASR) in accordance with the Jeanne Clery Campus Safety Act and applicable U.S. Department of Education requirements. The report provides students, employees, prospective students, prospective employees, and other members of the institutional community with information regarding campus safety and security policies and procedures, crime reporting, emergency response and notification, crime prevention, applicable institutional policies, and crime statistics.

This ASR covers the Barranquitas Main Campus and the Vega Alta Branch Campus. Institutional policies that apply to both locations are presented together. Campus-specific information, including Clery geography and crime statistics, is identified separately where appropriate.

D'Mart Institute is committed to maintaining a safe educational and working environment and encourages all members of the institutional community to promptly report crimes, emergencies, threatening conduct, and other safety concerns.

3. Clery Geography

For purposes of collecting and reporting crime statistics, Clery geography includes buildings and property that are part of the institution's campus, applicable noncampus buildings or property, and public property within or immediately adjacent to and accessible from the campus.

Barranquitas Main Campus

The Barranquitas Main Campus includes the institutional facilities and property owned or controlled by D'Mart Institute for educational and administrative purposes, including classrooms, laboratories, administrative and student service areas, and the institutional parking area. Applicable public property immediately adjacent to and accessible from the campus is evaluated in accordance with Clery Act requirements. D'Mart Institute does not maintain on-campus student housing.

Vega Alta Branch Campus

The Vega Alta Branch Campus is located within Gran Caribe Mall. D'Mart Institute exercises control over the facilities occupied by the Institution, including its classrooms, laboratories, offices, and student service areas. D'Mart Institute does not own or control the common areas or common parking facilities of Gran Caribe Mall. Applicable public property within or immediately adjacent to and accessible from the campus is evaluated separately in accordance with Clery Act requirements. D'Mart Institute does not maintain on-campus student housing.

4. Reporting Crimes and Emergencies

D'Mart Institute encourages students, employees, faculty, visitors, and other members of the institutional community to promptly and accurately report criminal activity, emergencies, threats, suspicious conduct, and safety concerns.

Emergency Reporting

In situations involving an immediate threat to health or safety, individuals should call 911. Individuals should then notify appropriate institutional personnel when it is safe to do so.

Institutional Reporting

Crimes, incidents, and safety concerns may be reported to the Campus Director and/or the Student Affairs Office. Reports may be made in person, orally, or in writing. D'Mart Institute will evaluate reports and take appropriate action based upon the nature and circumstances of the incident. When appropriate, the Institution may contact or cooperate with the Puerto Rico Police Bureau or other emergency or governmental authorities.

D'Mart Institute encourages accurate and prompt reporting of criminal offenses to the appropriate law enforcement authorities when the victim elects to make such a report or when the victim is unable to do so.

5. Campus Security Authorities (CSA)

For Clery Act reporting, D'Mart Institute identifies institutional officials who have significant responsibility for student and campus activities or who are designated by the Institution to receive reports of criminal offenses. At D'Mart Institute, the Campus Director and the Student Affairs Office serve as Campus Security Authorities (CSA), as applicable to their responsibilities.

A CSA who receives information regarding a potentially reportable Clery Act crime will ensure that the information is appropriately documented and forwarded for institutional evaluation and statistical reporting. Personally identifying information is not required for a crime to be included in the Institution's

Clery statistics when sufficient information exists to determine that a reportable crime occurred within applicable Clery geography.

6. Voluntary and Confidential Reporting

D'Mart Institute recognizes that an individual may wish to report an incident while requesting that identifying information be protected. Information will be handled as privately as reasonably possible, consistent with applicable law and the Institution's responsibility to protect the safety of the institutional community.

For Clery statistical reporting, information may be documented without publicly disclosing personally identifying information about a victim. D'Mart Institute does not employ professional or pastoral counselors for purposes of providing confidential counseling services to students and does not provide direct psychological, counseling, medical, or legal services. When appropriate, the Institution may provide information concerning external governmental or community resources.

7. Preparation of Annual Crime Statistics

D'Mart Institute annually compiles crime statistics for the three most recent calendar years. Statistics are compiled from reports made to applicable Campus Security Authorities and, as required, information obtained from appropriate law enforcement agencies concerning crimes occurring within the Institution's Clery geography.

The Institution evaluates reported incidents according to applicable Clery Act definitions and geographic requirements. Statistics for the Barranquitas Main Campus and Vega Alta Branch Campus are maintained and disclosed separately. A reported crime is not excluded merely because no arrest or prosecution occurred. A crime may be classified as unfounded for Clery purposes only when the applicable requirements for such a determination by sworn or commissioned law enforcement personnel have been satisfied.

8. Timely Warnings

D'Mart Institute will issue a Timely Warning when a Clery Act crime occurring within the Institution's Clery geography is reported to a Campus Security Authority or appropriate law enforcement agency and the Institution determines that the incident represents a serious or continuing threat to students or employees.

The decision to issue a Timely Warning will be made on a case-by-case basis considering the nature of the crime, the continuing danger to the institutional community, and the possible risk of compromising law enforcement efforts. A Timely Warning may include the nature of the incident, general location, date or time frame, safety precautions, crime prevention information, and other information necessary to assist members of the community in protecting themselves.

The identity and personally identifying information of a victim will not be included. Depending upon the circumstances, D'Mart Institute may communicate a Timely Warning through electronic mail, telephone communications, WhatsApp or other institutional electronic communications, verbal announcements, written notices, or other appropriate methods.

9. Emergency Response, Notification and Evacuation

D'Mart Institute maintains procedures to respond to emergencies or dangerous situations involving an immediate threat to the health or safety of students or employees occurring on campus.

When the Institution confirms that a significant emergency or dangerous situation exists, D'Mart Institute will, without unnecessary delay and taking into account the safety of the community, determine the appropriate segment or segments of the campus community to receive notification, determine the content of the notification, and initiate the notification process unless doing so would compromise efforts to assist a victim or contain, respond to, or otherwise mitigate the emergency.

Depending upon the circumstances, emergency information may be communicated through telephone calls, electronic mail, WhatsApp or other institutional electronic communications, verbal announcements, written notices, and other available methods appropriate to the circumstances. The Campus Director or appropriate institutional designee will coordinate the institutional response and determine appropriate notification and evacuation actions.

When evacuation is required, individuals should leave the affected area promptly, proceed to a safe location, and remain away from the affected area until authorized to return. D'Mart Institute will test its emergency response and evacuation procedures at least annually through an announced or unannounced test, drill, or exercise and will document the test in accordance with applicable federal requirements.

10. Security and Access to Campus Facilities

D'Mart Institute seeks to maintain its facilities in a manner that promotes safety and security. Access to classrooms, laboratories, administrative offices, and other institutional facilities is generally limited to students, employees, faculty, authorized visitors, and other individuals conducting legitimate institutional business during authorized operating hours.

Institutional personnel are expected to report conditions that may affect safety or security. Maintenance concerns that may create safety or security risks should be reported so that corrective action may be evaluated and taken as appropriate.

Barranquitas

D'Mart Institute exercises responsibility for the institutional facilities and parking area associated with the Barranquitas Main Campus.

Vega Alta

D'Mart Institute exercises responsibility for the facilities it occupies within Gran Caribe Mall. Common areas and common parking facilities of Gran Caribe Mall are not controlled by D'Mart Institute. Gran Caribe Mall maintains its own security personnel who conduct security rounds in the shopping center. These security personnel are not employees of D'Mart Institute and are not a D'Mart Institute campus security department.

11. Law Enforcement Relationship

D'Mart Institute does not maintain a campus police department or campus security department. Institutional employees do not have law enforcement or arrest authority by virtue of their employment with D'Mart Institute.

D'Mart Institute maintains a cooperative relationship with appropriate law enforcement and emergency authorities and may contact the Puerto Rico Police Bureau or other governmental authorities when circumstances require assistance, investigation, or emergency response. D'Mart Institute does not currently maintain a written Memorandum of Understanding (MOU) with local law enforcement agencies for the investigation of alleged criminal offenses.

When requested and appropriate, institutional personnel may assist a student or employee in contacting law enforcement.

12. Security Awareness and Crime Prevention

D'Mart Institute promotes awareness of campus safety and encourages students and employees to share responsibility for maintaining a safe institutional environment. Security awareness and crime prevention information may be provided through student orientation, employee orientation, institutional meetings, written or electronic communications, educational materials, safety information, institutional policies, and other appropriate awareness activities.

Topics may include reporting procedures, emergency response, personal safety, crime prevention, recognition of potentially unsafe conditions, and appropriate responses to emergencies or suspicious activity.

13. Drug and Alcohol Policy

D'Mart Institute is committed to maintaining an educational and working environment free from the unlawful possession, use, abuse, distribution, or sale of controlled substances and alcohol. The unlawful possession, use, distribution, or sale of illegal drugs or controlled substances on institutional premises or in connection with institutional activities is prohibited. The possession or use of alcoholic beverages in violation of institutional policy or applicable law is prohibited.

Students and employees are expected to comply with applicable federal and Puerto Rico laws concerning controlled substances and alcohol. Violations may result in institutional disciplinary action and, when applicable, referral to appropriate governmental or law enforcement authorities.

D'Mart Institute provides drug and alcohol prevention information to students and employees consistent with applicable federal requirements. Information may address standards of conduct; applicable federal and Puerto Rico legal sanctions; health risks associated with alcohol and drug abuse; institutional disciplinary sanctions; prevention and awareness information; and information concerning available external treatment, rehabilitation, counseling, or assistance resources.

D'Mart Institute does not represent that it provides direct medical, psychological, counseling, rehabilitation, or legal services. When appropriate, individuals may be provided information regarding external governmental or community resources. Additional information is maintained in the Institution's Drug and Alcohol Use and Abuse Policy.

14. Sex Offender Registry

D'Mart Institute informs the institutional community that information regarding registered sex offenders is publicly available through applicable official governmental sex offender registry resources. Students

and employees seeking such information are encouraged to use official Puerto Rico and federal governmental registry resources.

15. Sexual Assault, Domestic Violence, Dating Violence and Stalking (VAWA)

Institutional Policy Statement

D'Mart Institute prohibits sexual assault, domestic violence, dating violence, and stalking and is committed to maintaining an educational and working environment in which students and employees can study and work free from these forms of violence. The Institution will respond to reports of prohibited conduct and take appropriate action consistent with institutional policies and applicable requirements.

Definitions

Dating Violence

Dating violence means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. Relevant considerations include the length and type of relationship and the frequency of interaction between the individuals. Dating violence may include sexual or physical abuse or threats of such abuse and does not include conduct that falls within the applicable definition of domestic violence.

Domestic Violence

Domestic violence includes applicable crimes of violence committed by a current or former spouse or intimate partner, a person with whom the victim shares a child, a person who has cohabitated with the victim as a spouse or intimate partner, a person similarly situated to a spouse under applicable law, or another person whose conduct is covered by applicable domestic or family violence laws.

Stalking

Stalking means engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for the person's safety or the safety of others or to suffer substantial emotional distress. A course of conduct generally involves two or more acts and may include following, monitoring, observing, threatening, communicating with or about a person, surveillance, or interference with property.

Sexual Assault

Sexual assault includes offenses that meet the applicable definitions of rape, fondling, incest, or statutory rape for Clery Act reporting purposes. D'Mart Institute prohibits sexual assault and non-consensual sexual conduct consistent with applicable institutional policies and law.

Consent

For purposes of prevention and awareness activities, D'Mart Institute recognizes the importance of voluntary consent to sexual activity and follows applicable Puerto Rico law concerning consent and non-consensual sexual conduct.

Procedures Following an Incident

A student or employee who experiences sexual assault, domestic violence, dating violence, or stalking is encouraged to seek assistance. If there is an immediate threat to safety or emergency assistance is needed, call 911.

Preservation of Evidence

Individuals are encouraged to preserve evidence that may assist in establishing that an offense occurred or may be useful in obtaining a protection order or in an institutional or legal proceeding. Depending upon the circumstances, relevant evidence may include electronic communications, text messages, emails, photographs, social media communications, documents, clothing, physical evidence, and other information related to the incident.

Reporting to D'Mart Institute

Reports may be made to the Campus Director and/or Student Affairs Office.

Law Enforcement Options

- Notify appropriate law enforcement authorities.
- Receive reasonable assistance from D'Mart Institute in contacting law enforcement.
- Decline to notify law enforcement.

D'Mart Institute will respect the individual's decision regarding law enforcement involvement to the extent permitted by applicable law and institutional obligations.

Protection Orders

Individuals may seek protection orders, restraining orders, no-contact directives, or other protective measures available under applicable law. D'Mart Institute will provide information concerning applicable options and will take reasonable steps to recognize lawful protection orders of which the Institution has been properly notified.

Written Notification of Rights and Options

A student or employee who reports that they have been a victim of dating violence, domestic violence, sexual assault, or stalking will be provided written information explaining applicable rights and options, including reporting options, preservation of evidence, law enforcement options, protection orders, available institutional protective measures, reasonably available academic or employment accommodations, and available external resources and services.

The written notification will also provide information concerning available external counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid assistance, and other relevant services, as applicable and available. D'Mart Institute does not provide direct medical, psychological, counseling, victim advocacy, or legal services.

Confidentiality, Protective Measures and Accommodations

D'Mart Institute will protect the privacy of individuals who report sexual assault, domestic violence, dating violence, or stalking consistent with applicable law and the Institution's responsibilities. Publicly available Clery Act reporting and disclosures will not contain personally identifying information about a victim.

The Institution will maintain as confidential any accommodations or protective measures provided to a victim to the extent that maintaining such confidentiality would not impair D'Mart Institute's ability to provide those accommodations or protective measures.

- Changes to class schedules or academic arrangements.
- Changes to work schedules or employment arrangements.
- Assistance in reducing unnecessary contact between the parties.

- Institutional no-contact instructions or appropriate restrictions.
- Information regarding external community resources.
- Other reasonable measures designed to promote safety and continued participation in educational or employment activities.

D'Mart Institute does not maintain student housing; therefore, housing relocation or residential accommodations are not applicable. Requests may be made to the Campus Director and/or Student Affairs Office.

Institutional Disciplinary Proceedings

D'Mart Institute maintains procedures for addressing allegations of dating violence, domestic violence, sexual assault, and stalking. Institutional proceedings will be conducted in a prompt, fair, and impartial manner from the initial investigation through the final result.

The investigation may include interviews with the complainant, respondent, and relevant witnesses and review of documents, communications, electronic information, photographs, or other relevant evidence. Institutional officials involved in conducting or deciding proceedings involving these offenses will receive appropriate annual training concerning the offenses and the conduct of investigations and decision-making processes that protect the safety of victims and promote accountability.

The Student Affairs Office will provide information regarding the institutional process and may assist the parties as applicable. The complainant and respondent will be provided equal opportunities to have another individual present during related institutional meetings or proceedings, including an individual of their choice, consistent with applicable federal requirements. Any reasonable institutional rules governing participation will apply equally to both parties.

Both parties will have a fair opportunity to present relevant information and evidence and identify relevant witnesses consistent with institutional procedures.

Standard of Evidence

D'Mart Institute uses the preponderance of the evidence standard in institutional disciplinary proceedings involving allegations of dating violence, domestic violence, sexual assault, and stalking. Under this standard, a determination is based on whether the available evidence demonstrates that it is more likely than not that the alleged conduct occurred.

Written Notification of Results

D'Mart Institute will simultaneously notify the parties in writing of the result of an institutional disciplinary proceeding. When applicable, the written notification will also include information regarding available appeal procedures, any subsequent change to the result, and when the result becomes final.

Sanctions

When a violation is determined to have occurred, appropriate institutional disciplinary sanctions may be imposed consistent with institutional policy. Depending upon the circumstances, sanctions may include reprimand, behavioral conditions or restrictions, suspension, or expulsion, as applicable. Appropriate protective measures may also be implemented.

Prevention and Awareness Programs

D'Mart Institute provides prevention and awareness information regarding dating violence, domestic violence, sexual assault, and stalking to incoming students and new employees through appropriate orientation activities, policies, educational information, or institutional communications. The Institution also provides ongoing prevention and awareness information to students and employees through appropriate communications, orientations, meetings, educational activities, written or electronic materials, or other awareness initiatives.

- Institutional prohibition of dating violence, domestic violence, sexual assault, and stalking.
- Applicable definitions and consent.
- Reporting procedures and rights and options.
- Safe and positive bystander intervention.
- Risk reduction.
- Institutional and external resources.

Bystander Intervention

D'Mart Institute encourages safe and positive action when members of the institutional community observe circumstances that may place another individual at risk. Appropriate intervention may include seeking assistance from institutional personnel, contacting emergency services or law enforcement, notifying the Campus Director or Student Affairs Office, helping another individual obtain assistance, or taking another safe action intended to prevent harm. Individuals should not place themselves or others in danger when attempting to intervene.

Risk Reduction

D'Mart Institute provides information intended to increase awareness and promote personal and community safety. Students and employees are encouraged to recognize potentially unsafe situations, remain aware of their surroundings, identify warning signs of abusive or threatening conduct, communicate personal boundaries, seek assistance when appropriate, and promptly report threatening or suspicious behavior. Risk-reduction information is intended to promote awareness and safety and must not be interpreted as placing responsibility for an offense on a victim.

16. Hazing Policy and Prevention

D'Mart Institute prohibits hazing. Hazing includes intentional, knowing, or reckless conduct against another person, regardless of that person's willingness to participate, in connection with initiation into, affiliation with, or maintenance of membership in a student organization, when the conduct causes or creates a risk of physical or psychological injury beyond the reasonable risks ordinarily associated with participation in the Institution or organization.

D'Mart Institute currently does not recognize or maintain fraternities, sororities, intercollegiate athletic teams, or other formally recognized student organizations. Nevertheless, D'Mart Institute prohibits hazing involving any student organization as defined under applicable federal law, regardless of whether the organization is formally recognized by the Institution. Reports of suspected hazing will be addressed in accordance with institutional procedures and applicable law.

Reporting and Investigation

Suspected hazing may be reported to the Campus Director and/or Student Affairs Office. In an emergency or situation presenting an immediate threat to health or safety, call 911. Retaliation against an individual for making a good-faith report or participating in an institutional investigation is prohibited.

D'Mart Institute will review reports of suspected hazing and conduct an investigation appropriate to the circumstances. An investigation may include interviews, witness information, documents, electronic communications, photographs, or other relevant evidence. The Student Affairs Office may assist with investigation and documentation. The Campus Director will review relevant information and determine appropriate institutional action in accordance with applicable policies. D'Mart Institute may contact or cooperate with law enforcement or other governmental authorities when appropriate.

Applicable Laws

D'Mart Institute complies with applicable federal and Puerto Rico laws and requirements related to hazing and student safety. The Institution will review and address reported conduct in accordance with applicable law and institutional policy. Where conduct may constitute a criminal offense or otherwise require law enforcement involvement, D'Mart Institute may report or refer the matter to the appropriate authorities.

Prevention and Awareness

D'Mart Institute provides campus-wide hazing prevention and awareness information to students, faculty, and employees through appropriate orientations, institutional communications, educational materials, meetings, or other awareness activities. The Institution's prevention efforts are designed to be research-informed and to promote awareness of hazing, its potential risks and consequences, and appropriate methods for preventing hazing.

Prevention and awareness information may address the definition and prohibition of hazing; applicable laws and institutional policies; procedures for reporting suspected hazing; consequences associated with hazing; safe bystander intervention; ethical leadership; strategies for preventing hazing; and positive methods of promoting group participation, belonging, and cohesion without hazing.

17. Annual Crime Statistics - Calendar Years 2023, 2024 and 2025

D'Mart Institute reports zero (0) incidents in the applicable Clery categories for calendar years 2023, 2024, and 2025 for both campuses, based on the institutional information confirmed for this report. Statistics are displayed by geographic category. D'Mart Institute does not maintain on-campus student housing.

Note: The common areas and common parking facilities of Gran Caribe Mall are not owned or controlled by D'Mart Institute. Public property is a separate Clery geographic category and is evaluated under the applicable federal definition.

18. Daily Crime Log

D'Mart Institute does not maintain a campus police department or campus security department. Accordingly, the federal Daily Crime Log requirement applicable to institutions that maintain such a

department does not currently apply. The Institution nevertheless maintains appropriate internal records for the collection, evaluation, and reporting of incidents for Clery Act purposes.

19. Student Housing, Fire Safety and Missing Student Requirements

D'Mart Institute does not own, operate, or maintain on-campus student housing facilities at either the Barranquitas Main Campus or Vega Alta Branch Campus.

- On-Campus Student Housing Crime Statistics - Not Applicable.
- Annual Fire Safety Report - Not Applicable.
- Fire Log - Not Applicable.
- Missing Student Notification Policy applicable to on-campus student housing - Not Applicable.

20. Student Organizations and Campus Hazing Transparency

D'Mart Institute currently does not recognize or maintain fraternities, sororities, intercollegiate athletic teams, or other formally recognized student organizations. The Institution does not maintain off-campus student organization housing or other off-campus locations controlled by officially recognized student organizations.

For purposes of federal hazing requirements, D'Mart Institute recognizes that the term *student organization* may include certain organizations involving enrolled students regardless of whether the organization is formally recognized by the Institution.

If D'Mart Institute identifies an applicable student organization and makes a finding of responsibility for a hazing violation, the Institution will comply with applicable federal Campus Hazing Transparency Report requirements.

21. Availability and Distribution of the Annual Security Report

D'Mart Institute prepares and publishes its Annual Security Report annually. The report is made available to all currently enrolled students and current employees no later than October 1. It is also available to prospective students and prospective employees, who are provided notice of the report's availability and may request a copy.

The Annual Security Report may be accessed electronically through the D'Mart Institute website.

Direct Web Address: <https://www.dmartpr.net/>

A paper copy of the Annual Security Report is available upon request through the appropriate D'Mart Institute administrative office. D'Mart Institute will retain evidence of publication and distribution, including the final report, website publication evidence, and applicable distribution records.

23. Institutional Commitment

D'Mart Institute is committed to maintaining an educational and working environment that promotes the safety and well-being of students, faculty, employees, and visitors. Campus safety is a shared responsibility. Members of the institutional community are encouraged to promptly report crimes, emergencies, threatening behavior, suspicious activity, and unsafe conditions and to cooperate with institutional personnel and appropriate emergency and law enforcement authorities.

D'Mart Institute reviews its campus safety policies and procedures as appropriate and will update this Annual Security Report when required to maintain compliance with applicable federal requirements.
